

*"The Bluegill Capitol of Wisconsin"*

**PUBLIC NOTICE**

**TRICKLE (EUCLID AVE AND WISE RD ONLY)**

The Village of Birchwood is asking residence on Euclid Ave and Wise Rd to “trickle” your water beginning February 16, 2022. A trickle application is not needed to receive the credit on sewer fees.

The Village is asking that you be made aware of the large amount of traffic from loggers on Euclid and Wise Rd. With this, the large trucks could push the frost level down quicker than normal. We are asking for your assistance to avoid frozen pipes, in both your home and the village lines.

All other residents that have had problems in the past, may want to trickle your water as well. However, only residents on Euclid and Wise will receive the trickle credit.

If you have questions, please contact Tucker Fee at (715)651-7003.
