## **PUBLIC NOTICE**

Re: Standby Water Charges

Property Owners:

The Village Zoning Administrator discovered the Village of Birchwood has a Substandard Ordinance Sec. 28-804. – Residential that would exempt some properties from standby water charges. Also, per further discussion with the Wisconsin Public Service Commission, if a unit is on more than one parcel and is connected to water services, standby water charges would not apply to the equivalent lot. If you were subject to a refund, this was shown as a credit on your 1<sup>st</sup> quarter 2023 utility bill.

We apologize for any hardship or inconvenience this may have caused you. If you have any questions please contact Ashley Beffa, Village Clerk-Treasurer.

Sincerely,

Ashley Beffa  
Village Clerk – Treasurer
