Deferred Payment Agreement

The Village of Birchwood offers deferred payment agreements to residential customers. (Ordinance Sec. 26-219). Utilities are billed by the 10th of the month each quarter (January, April, July, and October). Late charges will not apply to accounts with a DPA as long as the agreement is made prior to the current bill's due date and all scheduled payments are made. This agreement allows services to remain connected for an outstanding bill as long as reasonable monthly installment payments are made and the bill is paid in full before the next billing cycle.

This deferred payment agreement is not intended to be used as an alternative payment method to the quarterly bill. Bills must be paid in full before the next billing cycle.
