and **PLAY TO WIN!**  
Prizes valued up to \$50 each!

**SATURDAY, MARCH 7TH**

**11:30PM - 2:00PM**

**MARY'S BLUEGILL BAR**

Birchwood Community Cats TNR program launched in 2022 having a positive impact. The program's initial effort involved trapping 43 cats in just 24 hours, with 23 being rehomed and the others returned to the community as "community cats" after being sterilized. This reflects the core principle of Trap-Neuter-Return (TNR), which aims to manage community cat populations humanely by preventing further reproduction.

**All proceeds support the local community animal humanity program.**

*Good food. Great cause.*
